PURPOSES AND PRINCIPLES

Purposes

The purposes of the League of Women Voters of Nebraska are to promote political responsibility through the informed and active participation of citizens in government and to act on selected governmental issues.

Belief

LWVNE believes democratic government in the United States depends upon informed and active participation.

Non-Partisanship

LWVNE does not support or oppose any political party or any candidate. LWVNE takes action on selected governmental issues and policies in the public interest. LWVNE encourages its members as individuals to actively participate in the political process.

Membership

Any person who subscribes to the purposes and policy of LWVNE shall be eligible for membership. Citizens at least 18 years of age who join the League shall be voting members. All others who join the League shall be associate members.

Voter Service

The purposes of LWVNE Voter Service are to inform the public about registration and voting procedures and to provide factual and unbiased information on issues and candidates.

Principles

The League of Women Voters believes in representative government and in the individual liberties established in the Constitution of the United States.

The League of Women Voters believes democratic government depends upon informed and active participation and requires that governmental bodies protect the citizen's right to know by giving adequate notice of proposed actions, holding open meetings and making public records accessible.

The League of Women Voters believes every citizen should be protected in the right to vote; that every person should have access to free public education which provides equal opportunity for all; and that no person or group should suffer legal, economic or administrative discrimination.

The League of Women Voters believes efficient and economical government requires competent personnel, the clear assignment of responsibility, adequate financing and coordination among the different agencies and levels of government.

The League of Women Voters believes responsible government should be responsive to the will of the people; that government should maintain an equitable and flexible system of taxation, promote the conservation and development of natural resources in the public interest, share in the solution of economic and social problems which affect the general welfare, promote a sound economy and adopt domestic policies which facilitate the solution of international problems.

The League of Women Voters believes cooperation with other nations is essential in the search for solutions to world problems, and that the development of international organizations and international law is imperative in the promotion of world peace.

NON-PARTISAN POLITICAL POLICY

Members of the state and local League boards shall adhere carefully to the nonpartisan political policy of the League of Women Voters of the United States (LWVUS). The purpose of formulating nonpartisan principles is to clarify and establish proper procedures for state and local League officials.

This policy applies to LWVNE Board members but not to their families.

The Nominating Committee shall apprise all prospective Board members of the policy.

A. Nonpartisan Policy

Specific procedures to implement this policy include:

The president, the action vice-president, voters service director and the office administrator shall avoid political activities that may give the appearance of partisanship.

Other state and local board members are encouraged to participate in political activities but must first consult the board if they are in doubt as to whether their activities could compromise the League's nonpartisanship.

A board member shall NOT run for office in a partisan race or accept a partisan appointment.

A state board member may accept appointment to, or run for, a local political office if

- a. the election does not require a party affiliation;
- b. the board of the local League involved gives approval; and
- c. the state League board approves.

B. Party Support

Board members other than those designated in Paragraph A. are encouraged to be active in their party affiliation if their activities will not jeopardize the League's nonpartisan policy.

Board members may contribute financially and may maintain contacts with political parties and leaders. Before a Board member accepts a high-visibility position in a political party, the Board member should contact the Board for review of the assignment. Such party positions may be held after Board review and approval. With the exception of the President, Board members may attend party conventions as delegates.

C. Membership on Other Boards and Committees

State Board members may serve on Election Boards.

In all instances where the partisan or nonpartisan status of a board, commission or committee is questionable, where the purpose of the commission or board may be in conflict with League position or where visibility is associated with a specific political activity, the state Board should be contacted to determine if the Board member can remain on the state Board while serving in such capacity.

D. Appointment of League Members to Nonpartisan Commissions and Boards

LWVNE encourages League members, including all members of LWVNE Board of Directors, to apply for positions on government commissions and boards such as the Nebraska Natural Resources Commission and Nebraska Library Commission. LWVNE shall recommend League members as appointees to act as informed and active participants in government.

NON-DISCRIMINATION

A. Place

No League meeting shall be held in a place which is known to discriminate on the basis of race, religion, gender identity or sex.

B. Speakers

If a request for a League speaker is made by an organization which is known to discriminate on the basis of race, religion, gender identity or sex, it shall be up to the discretion of the LWVNE

President or the Action Vice President, after discussion with the Board, to determine if such speaking engagement presents an opportunity for education, or should be declined.

RESPONSIBILITIES OF BOARD AND OFF-BOARD DIRECTORS

- A.** At the expiration of a term of office or upon resignation, each director shall turn in a complete file, including program material, minutes, basic publications, supplies, and correspondence. Each director shall hold a briefing meeting with the successor to the office. The meeting may be by telephone, email, or in person. Material in portfolio files that is no longer pertinent to current work but is of permanent historic value should be turned in to the League office for the permanent files.

CONFLICT OF INTEREST POLICY

- A.** Board members may serve on advisory boards except in cases where serving on the advisory board and the LWVNE board at the same time may result in a conflict of interest. Spouses and other family members may serve in any governmental capacity without affecting the status of the Board member.
- B.** Board members may not lobby legislators, other than their own and speaking for themselves only, in opposition to League position.
- C.** If a conflict of interest problem arises from employment and/or volunteer activities, the Board should be notified.
- D.** Board members may not accept stipends or grants for League projects while sitting on the policy-making board which is responsible for administering the grant.

Local Leagues may take action on the local level under a State position. Local League Presidents shall give prior notice to the state League President or Action Vice President of any local League action that pertains to a State position.

C. Jurisdictional Boundaries

A local League may extend its jurisdictional boundaries for advocacy efforts when:

1. A particular action issue on which the local League has been working involves governmental entities immediately beyond the local boundaries;
2. Interviewing, monitoring, or other means of gathering information needs to be done outside the local area to adequately address the local issue;

3. Advocacy will be enhanced by presentation of the local League position to the surrounding area;
