Dear Senator,

The League of Women Voters of Nebraska supports academic freedom for all public school students. We believe such academic freedom instills in students the value of democracy, while preparing them for informed and active civic participation.

LB 885 provides for students the U.S. Constitution's First Amendment right to exercise freedom of speech and of the press. It would protect the exchange of ideas and help to develop informed arguments as well as basic skills of writing and communication.

We encourage your support for passage of LB 885.

Sincerely,

Sherry Miller, President
League of Women Voters of Nebraska
